DAY 1

Mentor and Tutor Program

Attention all Grade 10, 11 and 12 Students:

Are you a motivated, friendly, outgoing, and responsible leader who wants to earn service hours while gaining leadership experience and contributing to making Byrne Creek a better place? Do you want to add volunteer experience to your resume? Then the Mentor and Tutor Program is for you! Please attend an information session this Monday Sept. 18th at the start of lunch in room B106. Please see Mr. Davies in B106 for applications or if you have any questions.

Attention All Aboriginal Students

If you identify as Aboriginal, you are welcome to join us for our first Pizza lunch. It is happening this Wednesday in room B202 from 11:20am-12:20pm. Please come see Ms. Clayton for an early dismissal permission slip. Look forward to seeing you all there!

"Cross-Country Is Warming Up!"

Do you enjoy running? Would you like to learn and train how to run longer distances? Join Byrne Creeks cross country team! The season is short but is a great way to get into shape, train for other sports, meet new people and most importantly to have a blast! All grades, running levels and abilities are encouraged and welcome to join. We will be having an important and mandatory meeting this Thursday at Lunch time in room B202 (Ms. Clayton)

Student Price Cards will be on sale for \$10 in the atrium at lunch until Thursday, September 21. Get discounts on lots of great stores. Saving money is a good idea! From Student Government

Grade 10-12 Students interested in Mini Med School:

BC Children's Hospital is offering its 6 week Mini Med School once again. It will provide insight into the world of SURGERY: neurosurgery, orthopedics, anesthesia, plastic surgery and surgical training. It's a 6 part series that takes place on Wednesdays: October 18-November 22, 7-9pm at Children's Hospital. Each school is only permitted to send 2 students. If you are interested, please prepare a paragraph (max one page double spaced) explaining why you are interested in attending - please submit it on paper (not email) to Ms. Falsetto before Thursday, September 21. It's FREE. More information is in the link below: <http://bcchr.ca/news/mini-med-school/student-nominations>

Attention Grade 10-12 Students who are planning to go to university:

"Steps to Success" is a presentation for senior high school students who want to learn more about university life. Our presenters are composed of 3rd and 4th year undergraduate students from UBC. You will hear information preparing you for post-secondary institutions, recommendations to maximize your school experience and career development - the steps we believe are important to achieve your goals, and much more. The presenters have experience in lung cancer research, internships in business firms, Microbiology and Immunology, Accounting, and Civil Engineering. If you have questions or concerns regarding university, internships or anything in regards to life after high school, we will also have a question and answer period after our presentation where you will be able to ask any question you may have! Parents are invited to come. This will happen on THURSDAY, SEPTEMBER 21 from 3:15-4:15pm in B104 (the Science Super Lab). See Ms. Falsetto with questions.
