Transition to Email-Based Attendance Notifications

To enhance communication efficiency and ensure delivery of attendance notifications to both parents/guardians, all attendance notifications will be sent via email instead of phone calls. This change aims to streamline the notification process and ensure that both parents and guardians receive updates regarding their child's attendance.

Benefits of Email Notifications

- ❖ Email notifications are quicker and more reliable than phone calls.
- ❖ Emails provide a written record of attendance notifications, which can be useful for future reference.
- ❖ Parents and guardians can access email notifications at their convenience.

This shift to email-based attendance alerts will enhance communication effectiveness and help keep families informed promptly.

How to Receive Email Notifications

Email notifications will be sent using MyEducationBC, therefore, it is crucial that the information in MyEducationBC is correct. Please login to your MyEducationBC Parent Portal [here](#) to check your information and contact the office if any updates are required.
